in the world," Prichard said.

At the second stop at SLC-10 West, participants were shown a warhead for a Thor, one of only four in the world, Prichard said. Among other things, they also saw a Minuteman 1 ICBM weapons console, four nozzles for a Minuteman 1, a solid fuel engine and an American copy of the German V-1, the first jet powered aircraft and cruise missile.

The next stop was a special lunch at the Officer's Club commemorating the 35th anniversary of the first ballistic missile launch from Vandenberg. The guest speaker was Brig. Gen. Lance Lord who thanked the group for their contributions to space.
